

Current Transformer Sensor Module HWCT- 5A/5mA

Description:

- Rated Input Current 5A
- Rated output current 5mA
- Ratio of 1000:1
- Phase (when the rated input) is less than or = 20
- The linear range of 0-10A
- Linearity 0.2 percent
- Accuracy class 0.2
- Isolation voltage 3000V
- Use measuring
- Epoxy resin sealing material
- PCB mounting installation
- Operating temperature -40-70 degrees
